Topics Discussed:

We discussed some of details that the professor suggests for the diagrams.
Some of them are:

- Names at Use Case Diagram and State Diagram
- Conditions at Activity Diagram
- Collaboration Diagram must be in accordance with Sequential Diagram
- We must do the Swim Lane Diagram
- And should change some lines on Data Flow Diagram

We also discussed about 19 layouts of the project and talked about how their division would be organized among the 4 members of the group.

Decisions Made:

Gerild will change some details in Requirement Specification Document, and also will work for suggestions that professor did for some of diagrams.

Elisa will change same mistakes in Sequence and State diagrams.

Denada will work on the combination between the Collaboration Diagram and the Sequential Diagram.

Arbi also will work for Data Flow Diagram to do it better.

And Albi will help other members for their work.
